Loyalty Marketing and Consulting Solutions – House Advantage

The term "house advantage" refers to the mathematical edge maintained by gambling operators that ensures the house will always end up making money. The house advantage in games, usually given as a percentage, can range from fairly small (less than 1% for blackjack players using basic strategy) to quite large (about 25% for some blackjack side bets). These numbers represent the average amount of all their wagers that players will lose over the long term.
